Dear Madam:-

Policy No. 1,050,412.

We can find no record at this office of having received word from you as to why you allowed your premium of $53.13 due June 4th., 1904 on the above policy to lapse. This is a policy on which you have already paid three annual premiums, and you certainly cannot afford to allow the policy to remain in this condition.

If it is not convenient for you to pay the premium at this date, we can, no doubt, arrange with the Society to secure a loan on this policy large enough to take care of this premium, and give you protection for your insurance, if you are in first class health.

I would appreciate very much a line from you by first mail to let me know what the trouble is, and if you will not be in a position to re-instate this policy at an early date.

Awaiting an early reply, I remain,

Yours very truly,

S6

Cashier.
